HILLS

Optometrist and Optician

NORWAY, - - MAINE

Since the fire in Opera House Block, in the early part of the year, our store has been completely refitted and refurnished. All new instruments, etc., of latest designs, making our OPTICAL DEPARTMENT the finest and best equipped for examination of the eye in this part of Oxford County.

We use same methods that are used by the leading Oculists in the cities.

HILLS is recommended by nearly every first-class physician in Oxford County, "what more do you want? LET US TELL YOU THE TRUTH ABOUT YOUR EYES. Don't allow every one to fool with your eyes.

If your eyes need treatment go to your regular physician, IT'S SAFER than fooling with quack doctors, fake opticians, etc.

HILLS' prices are the lowest. Why pay \$7.00, \$6.00, \$5.00 or \$4.00 when you can get the very same at Hills' for \$2.50 to \$4.00. This price includes "Made to Order," "Toric" and "Special ground" lenses, other glasses as low as \$1.00. All paid above Hills' prices is extra profit. NO MATTER WHAT YOU PAY or what you are told YOU CAN GET NO BETTER GOODS than are furnished by HILLS.

Don't understand us saying we are the only one who can fit you—some "traveling men," "spectacle dealers" and "would be opticians" will fit you so you can see, but YOU WILL PAY DOUBLE THE PRICE THAT HILLS WILL ASK YOU for the same.

How do you know but a pair fitted by HILLS would be less strain on the eye? Try it, for why take chances? Why fool with your eyes?

Fitting Glasses in Norway 25 years.

OUR PRICES WILL SAVE YOU MONEY.

Hebron Academy

The fall term of Hebron Academy has opened with every room crowded. The Academy in the last twenty years has had almost a half million given to it in grounds, buildings and endowments. It has now a faculty of six men and six women, all teachers of large experience and college training. We are not asking for Oxford County to send students, because we are crowded; but without as great a proportionate number from the County as ought to come.

The trustees wish the people of Oxford County to know that the largest school, the largest faculty, the best equipment in buildings, in apparatus, in laboratories and teachers of any school in Maine is in your school at Hebron Academy in Oxford County. Are you using what is yours right at hand? Are you looking into the fact that the best school, the largest teaching force and the best equipped school is right in your own county? The Trustees ask no favor in this matter, but simply want to remind you of what is your own.

You will be a welcome visitor throughout the year to prove the truth of the above statement. The Principal or any teacher at any time will gladly show you what the Academy is and what it is doing and a catalogue will come to you, free for a postal card or a verbal request, from the Principal.

FARMERS

Do you know the reasons why the corn packers, the creameries, milk buyers and nearly everybody that you sell your produce to, pay you by check?

There are reasons for it and these reasons apply to you just as much as they do to them.

For 2 cents a check for the exact amount owed can be mailed from any place in the United States and Canada to any other place in those countries. Think how much it would cost to express the currency.

If a check is lost, stolen or burned, payment can be stopped, a duplicate issued and you obtain your money just the same. What happens when \$100 in bills is lost or consumed by fire?

Checks are the best kind of receipts and a bill paid by a check is never paid twice. The check shows the exact date of payment, the exact amount paid and has the signature of the party to whom it is paid on the back. The Courts recognize checks as legal receipts.

You can have all these benefits and conveniences by simply opening a checking account at this strong National Bank. Just mail your deposit or call in person and a check book is given you. When you wish to pay a bill draw a check for the amount due and mail it or give it to the party you owe. At the end of each month these cancelled checks together with a statement of your account is mailed to you.

No farmer would be willing to give up his Rural Free Delivery Mail Box and go back to the old way of depending on his neighbors or waiting until he went to town for his mail. It is the same with a bank account—after a man has once had a bank account he will not go back to the old method of carrying around the money in his pockets.

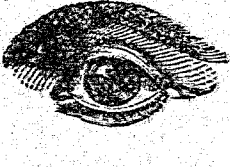

If you will mail a deposit to-day you can prove the truth of these statements.

Eating Houses.

Monday afternoon began to see signs of life among the eating houses. The South Paris Congregational Society have their booth open and serve a 50c dinner that includes hot meat, potatoes, bread and pastry and all the good things. Mrs. J. S. Wright has the dinners in charge and is assisted by the ladies of the society.

The Congregational society of Norway are open for business and have their celebrated baked bean dinners with all kinds of pastry on the bill of fare. These will be served the three days of the fair. It is in charge of the president of the circle, Mrs. H. F. Andrews, assisted by the ladies of the circle.

William Slater of Providence has opened the booth beside the Norway Congregational booth, and has on the bill of fare roast beef, chicken, pastry and fruit.

Twitshell Bros. of Oxford served a real old-fashioned New England boiled dinner, Tuesday. On Wednesday they serve oysters and on Thursday everything is on the bill of fare. On all days they had fruit and confectionery.

A. J. Lowry of Paris is here in his eating hall for the 16th year. This year he has attended the Lewiston fair, where he had 125 regular boarders. He also had charge of the boarding house at the Methodist campground at Poland this year during camp meeting and did a good business, giving satisfaction to his patrons. He serves roast chicken and beef, pastry, and all is home-made cooking.

Jack Stackford has the first booth at the right near Spencer's candy stand. Here is found roast beef, pork and chicken and oyster stew.

Down the Main Thoroughfare.

After the State fair at Lewiston closed, tears loaded with tents and all kinds of articles were soon on the road for the Oxford County Fair and by Saturday night a large number of tents were all pitched and making ready for the coming event.

Many of the booths on the grounds have been here before and are not exactly changes.

Among these found on the midway are George M. McNamara of Bangor. He has a booth well up the line and has the hoop-la grade. Here is where you try your luck at throwing the ring over a box of candy, jewelry, etc., and if lucky you carry the prize with you. If not, you leave feeling your money well invested, although the prize was for the other fellow standing beside you.

C. P. Kimball of Norway has his booth opposite the gate and is selling the combination watch for key checks, jewelry, etc. He is also demonstrating the De-Lux cream separators.

That which takes the attention of the crowd is the Ferris wheel, the merry-go-round and the ocean wave. These are in charge of E. H. Fellows of Lewiston. N. H. McFadyen and family have been here at the fair for about six years. As usual they have their large living tents in the center of the fair grounds inside the race track. These are the same "hiving horses" and Ferris wheel that have been here for a number of years.

The ocean wave is something entirely new here. Seats are hung from a tower and as it revolves they rise and fall, giving the ocean wave effect.

George P. Downing has his booth near the entrance to the exhibition hall. Here are found all kinds of ladies' shoes. See ad on first page.

David Eastman of Cornish sells ice cream, frankfurts, cold drinks and cigars. He also has a popped corn stand near the Ferris wheel.

Charles E. Chase of Portland has the license to sell popped corn on the grand stand. He has sold on the grand stands at Gorham, Topsham, Rochester and Fryeburg fairs. It has been six years since he was here last.

A. E. Shurtleff & Co., South Paris, have a booth well up the line, where confectionery, ice cream and post cards are on sale.

M. H. Bowman of Waterville has his booth near Foster's. It is very popular to a customer in the restaurant, with the white stools and all. Here you can find all kinds of stews, chowder and pastry, frankfurts, fruit and soda.

S. J. Cantara of Biddeford, who has attended the fair for many years, is located at the right of the midway and occupies considerable space with his numerous tents. Among them will be found the famous Cantara's Working World. This has been on the grounds many times and each year is visited by big crowds. He also has the "cow boy" which is a game to hit the head, the bell will ring and you get a cigar. Beside this tent is one where you knock down the babies and if lucky you take the cigar.

Another of his interesting features is the Crazy Chase, the house that makes you laugh and grow fat, and which is advertised to be the funniest thing in the world. It was here last season and during the year has been well advertised so will be well patronized, for everyone who is "all in" wants to laugh and grow fat and the "fat" want to see what made the slim laugh. Cantara also has among his tents one for the Japanese Rolling game, and one where lunches are sold.

John O'Connell of Rhode Island is selling candy, pop corn, kisses, and water taffy. Mr. O'Connell is with Mr. Cantara. In the Cantara company there are about thirty engaged. One other feature in the company is the famous quartet who sing to the public in general, accompanied by the concert organ.

"Confetti man," Gus Peterson, is located near the center of the midway under the electric light. He is the vendor of confetti and souvenirs.

F. A. Prescott of Boston has two counters where he sells lunches and a tent where you will find soft drinks.

J. R. O'Neil of Portland had a lunch counter and sells ice cream.

The Ostype Photo Co. have a large tent up the midway where you can have your photos taken and be ready for you in five minutes. A. S. Solomon is in charge of the photograph business.

O. W. Spencer of Old Town, the well known candy man, who for the past eleven years has attended the fair with his wife, is alone this year. Mrs. Spencer having died on the 24th of June at their home in Old Town. Mrs. Spencer who was well known by many attendants of the fair, will be missed from her usual place at the candy stand. Mr. Spencer has his booth in about the usual place and is busily engaged in making and selling candy and ice cream.

J. W. Foster of Framingham, Mass., has an up-to-date ice cream parlor where the cones which are a little different from the ordinary kind are made. This is Mr. Foster's 32nd year at the fair.

E. Dyer of North Leeds is attending the fair for the 32nd time and as usual has a good display of amusements. The most attractive is the famous Dye dip. This rigged up with a steep shoot leading into a tank of water, and is known as the champion slide. A man sits at the head of a slide on a board and some one throws a base ball at the round metal and if he hits it forcibly enough it tips the board and down slides the man splash into the water. He also has the game of 10 pins, a bowling alley and the striking machine.

A. W. Walker & Son of South Paris have their tent located at the lower side of the gates. They are displaying a fine line of farming implements and include mowing machines, cultivators, harrowing machines, ensilage cutters and all kinds of plows. See their ad in this paper.

Harry P. Downing has charge of selling score cards. He has an efficient corps of young men to assist him. C. W. Foster is a long attendant at the fair. He tells us this is his fortieth year at the fair and that it will be the last. He has three well equipped booths, where he sells lunches, fruit, Moxie and cigars to the travellers on the grounds and the fair.

C. F. Kilpatrick of Kezar Falls is here this year for the second time. Here is where the ossified man, C. F. Kilpatrick, can be seen. He is attended by Florence Kilpatrick, Myra Lord, Arthur Lord and A. J. Kilpatrick.

Simmons & Hammond's wagon is here and this is where you get the ice cream sandwiches.

W. W. Kerrigan of Portland, who has attended the fair for the past thirty years, has his booth well down the midway and as usual is selling frankfurts and soft drinks.

J. W. Kerrigan of Portland, who has been here for about twenty years, is selling frankfurts and soft drinks.
